

HOW WILL YOU JOIN THE MISSION?

At Stop Soldier Suicide, we envision a nation where veterans and service members have no greater risk for suicide than any other American. We need everyone if we're going to completely solve this problem.

- » Donate at **StopSoldierSuicide.org/Donate**
- » Join **The Battalion**, our community of monthly givers
- » Become a **corporate partner** and get your company involved
- » **Refer** your clients and patients to our care
- » **Fundraise** for us
- » Join one of our **Facebook challenges**
- » Lend a device to **Black Box Project**

PO Box 110605
Durham, NC 27709

If you know a service member or veteran who needs personalized, confidential suicide-specific care through ROGER, the wellness service of Stop Soldier Suicide, they can contact us 24/7 at 844-556-2093 or visit StopSoldierSuicide.org/Get-Help

THEY FOUGHT FOR US. NOW WE FIGHT FOR THEM.

★ **STOP SOLDIER SUICIDE** ≡

Stop Soldier Suicide is a registered 501(c)3 nonprofit organization. All services are 100% free to veterans and service members, thanks to the generous support of our donor community.
Tax ID: #27-3512119

StopSoldierSuicide.org

58%

Veterans die by suicide at a 58% higher rate than those who haven't served.

Military suicide has claimed more lives than we've lost in most individual major conflicts, including World War I, the Vietnam War, and the Global War on Terror.

Despite decades of effort, modern veteran suicide prevention practices fall short. The rate of U.S. veteran and service member deaths by suicide continues to increase. **We cannot stand by.**

Stop Soldier Suicide is the only national nonprofit focused solely on solving the issue of suicide among U.S. veterans and service members.

We have an aggressive goal to reduce the military suicide rate by 40% no later than 2030.

We are laser-focused on reducing veteran and service member suicide

ROGER

Our ROGER wellness service provides crisis intervention and counseling with a core focus on reducing suicidal risk factors for at-risk veterans and service members. ROGER services are evidence-based and tailored to meet individual client needs.

Services are provided 100% free to U.S. veterans and service members.

★ BLACK BOX PROJECT ★

Similar to the black box used to determine the cause of a plane crash, Black Box Project is Stop Soldier Suicide's forensic data analysis project that leverages artificial intelligence to identify and analyze clinically meaningful data from digital devices of Veterans who died by suicide. Our digital forensics experts and data science partners are working to develop machine learning models that can identify never-before-known suicide risk patterns.

FIREARM SAFETY

At some point, we have to realize the connection between suicide and firearms. The overwhelming research indicates firearms are one of the leading causes of veteran suicide, in fact, nationwide, almost 3 out of 4 (71%) veterans who die by suicide use a firearm. We're taking the politics out of this issue and offering ways veterans can keep themselves safe.

RESEARCH & INTELLIGENCE

Our in-house Research & Evaluation (R&E) team uses the most advanced data science and technology to accelerate learning and gain new insights into the root causes of suicidal thoughts and behavior.
