

Stop Soldier Suicide is the only national nonprofit focused solely on solving the issue of suicide among U.S. veterans and service members. We have an aggressive goal to reduce the military suicide rate by 40% no later than 2030. All services are 100% free to veterans and service members, regardless of branch, discharge status or era served.

ROGER

Through our **ROGER** wellness services, Stop Soldier Suicide provides free, confidential mental health and wellness care to veterans and service members via telehealth.

Our team of trusted clinicians works one-on-one with clients to reduce their suicide risk and improve their overall wellbeing.

We believe that no one who has served our country should face life's pressures alone.

We serve all veterans and service members from every branch and generation.

Our services are 100% free and confidential, regardless of discharge status.

Our vision is a nation in which veterans and service members are at no greater risk for suicide than any other American. You can make this possible by helping us expand access to free, suicide-specific mental health and wellness care for the military community.

Veterans and service members are **58%** more likely to die by suicide than their civilian peers

More than **6,400** veterans have died by suicide each year for 20 consecutive years.

Suicide is the **2nd leading** cause of death for veterans under the age of 45.

Since 2010, Stop Soldier Suicide has provided direct services and support to more than 6,000 veterans, service members, and their families, creating a ripple of impact for over 90,000 individuals
